Education

POLYTECHNIC UNIVERSITY OF THE PHILIPPINES   Sta Mesa, Manila
BS in INFORMATION TECHNOLOGY   September 2027
Relevant Coursework: Computer Programming, Object-Oriented Programming, Data Structures and Algorithm, Web Development, Introduction to Data Science, Data Mining, Systems Integration and Architecture

STI College   Marikina, Metro Manila
IT in Mobile App and Web Development   June 2023
With High Honors

Technical Skills & Projects

Programming: React.js, Next.js, TailwindCSS, Node.js, Express.js.   **Database:** PostgreSQL, Supabase
DevOps: Firebase, Microsoft Azure, AWS, Git

Fetch: COMP 016 Final Project   Dec. 2025
Developed a full-stack smart lost-and-found system for school communities using Next.js, TypeScript, Tailwind CSS for a modern interface, with PostgreSQL on Supabase powering secure row-level security, automated item matching, claim workflows, and real-time notifications.

StallMate: COMP 009 Final Project   Aug. 2025
Developed a full-stack smart POS and inventory management system for PUP Lagoon stalls using Next.js, Tailwind CSS, and Firebase, integrating Llama 3 for AI-driven insights and interactive dashboards to streamline operations and decision-making.

Relevant Experience

APPLE SOCIALS   Marikina, Metro Manila
Web Designer   May – Aug. 2025
Designed and developed web applications and user experiences using WordPress with Astra templates, customizing themes and workflows to deliver scalable, engaging digital solutions.

SDO MARIKINA   Cambridge, MA
Full-stack Web Developer   Mar. 2023– Jun. 2023
Designed and developed a library management system for public schools using HTML, CSS (Bootstrap), and JavaScript for the frontend, with PHP and MySQL powering the backend. Delivered a functional system that streamlined cataloging, borrowing, and record-keeping processes.

Leadership

MICROSOFT   Redmond, Washington, USA
Beta Microsoft Student Ambassador   April 2025 – Present
Selected as one of only six Beta Microsoft Student Ambassadors in the Philippines, joining a global community of student leaders. Served as Vice President of the local university chapter, leading initiatives to promote Microsoft technologies through mentoring, upskilling programs, and technical workshops. Coordinated cross-departmental efforts to empower students and foster innovation.

GOOGLE DEVELOPER GROUPS ON CAMPUS PUP   Sta Mesa, Manila
Website Development Co-Lead   Sep. 2025 – Present
Co-led the organization's web development team, driving full-stack application design and implementation to support internal initiatives. Contributed in the frontend and backend features while mentoring peers and facilitating departmental workshops to strengthen technical skills and collaboration.

AWS CLOUD CLUB PUP   Sta Mesa, Manila
Frontend Lead   Oct. 2025 – Present
Organized and facilitated workshops focused on frontend best practices, accessibility, and responsive design, fostering a culture of continuous learning
